

28"W x 44"H SIGNS ART TEMPLATE INSTRUCTIONS Windsign Deluxe (Quickchange and Snap Frames)

- 1) The "Guide" layer can be hidden.
- 2) Create your banner graphics on the "Your Art" Layer, extending all background art and colors to the edges of the artboard (**the Print area**).
- 3) Keep important graphics and text inside the dotted line (**the Content area**) to ensure that they will be visible.
- 4) Once your design is complete you can discard the "guide" layer and save your file as .ai .pdf or .eps .
- 5) Email to Admin@trafficsafetyzone.com with order number or upload on website when you place your order.

Considerations:

- ▲ Convert all text to outlines.
- ▲ Convert spot colors to CMYK.
- ▲ Any embedded bitmap images should have a resolution of 120 to 150 pixels per inch (ppi/dpi) at the size they are placed into this document
- ▲ Please note Our print shop reserves the right to adjust print margins if required
- ▲ A proof will be sent for approval

← **CONTENT AREA (28" x 44")**

Keep your main content, graphics and text within the green dotted line

← **PRINT AREA (27" x 33")**

Make sure your background art extends to the edges of the artboard
